# Instructions for paying your Church Tithe

- Use the form (left) to calculate your tithe and other obligations. Those items with asterisk must be filled out. These forms are available online in PDF & Excel format.  
<http://www.pacificecn.org/StaffResources/forms.htm>
- PASTOR(S) INSURANCE:** Note that there is an adjustment (Item B.) that must be made if your tithe does not at least equal \$260 for each assigned pastor. This is your MINIMUM payment.

*Please note that each local church is responsible to pay half of the premium for each assigned pastor. For tithing churches, the first part of your tithe will be counted towards that cost (\$260 per pastor per month). If your tithe comes to less than this, you must pay at least \$260 per pastor per month.*

You will receive a new form each July for the new conference year.
